

United States Department of State

Washington, D.C. 20520

AUG -5 2008

Dear Madam Speaker:

Pursuant to section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of an application for a license for the manufacture of Significant Military Equipment abroad.

The transaction described in the attached certification involves the transfer of defense articles, including technical data, and defense services to Taiwan and Malaysia in support of the manufacture of microcontrollers for the U.S. Army's Individual High Explosive Air Burst Weapon System.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew A. Reynolds  
Acting Assistant Secretary  
Legislative Affairs
